

## DAY TO DAY

### SHARON SHORTS.

There's a secret in the thicket, there's a whisper in the air,  
And a sort of sleepy grance; and al-  
though the trees are bare,  
There's a light along their branches,  
and a twinkling of twigs!  
And the power-willows shed their  
dainty light particles.  
There's a peck in the thicket, there's  
a whisper in the air;  
There's a mystery a-brewing of which  
I know more than you,  
And a baby little lady-sparrow hither  
flits and runs,  
While her mate upon the fence ob-  
serves: "There's something going  
on!"  
—Bibi Kingley Wallace.

### A WOMAN'S PAPER.

Lady McMillan, Lady Schulte,  
Madame Duber, Mrs. Robin, Mrs.  
Andrews, Mrs. Howell and Mrs.  
Scates will be the patronesses of the  
Woman's Paper to be published in  
Winnipeg next month.  
The paper will be got out for a  
philanthropic purpose. It will con-  
sist of 30 pages, and Mrs. Colin  
Campbell, who is the editor, has  
work, states there will be three  
associate editors and also editors for the  
following departments: Women's king-  
dom, women's work, children's cor-  
ner, education, music, art, science,  
business, sports, military matters,  
dramatic, fashion and society pages.  
The advertising manager will have  
her own staff, and this important part  
of getting out a paper is in very cap-  
able hands. The names of the edi-  
tors will be "a women's secret" for a  
time, that is to say, they can be dis-  
covered by judicious questioning and  
persistent importuning, no doubt, but  
this column is at present as silent as  
the grave on the matter, having been  
requested so to be.

### THE SEVENTEENTH IN WINNIPEG.

The St. Patrick's concert in Win-  
nipeg on Monday evening was one of  
the most successful. Miss Edna  
Sutherland, the well known scion-  
ologist of that city, recited some  
poems by Moira O'Neill that were,  
as all Miss O'Neill's poems, exquisite  
distillations of Irish character.  
Apocryph of this, it is interesting to  
know that Moira O'Neill, who is re-  
cognized as a leading poet in the  
Celtic revival, lived for some time  
near Calgary on a ranch. Others  
who took part in the concert were Mr.  
Hartley Smith, the well known En-  
glish tenor, Miss Landers, Miss Coyle  
and Miss Simpson.

The Knights of Columbus contrib-  
uted a trio of members who sang  
some Irish ballads with a splendid  
dash. On the whole it was an excel-  
lent and appropriate national concert.

### BACK EAST.

At school, William had great diffi-  
culty with his arithmetic problems,  
and his teacher tried in vain to make  
him understand. Finally, to bring  
the matter home, he said—

"If I should go into your father's  
shop and say I wanted two pounds of  
meat, and he only had a pound, and a  
half, what would he do?"

"He would thought profoundly for a  
moment and then said—  
"He would make up the weight  
with his thumb!"

### SOCIAL.

Mr. Mount Bigger has left on a six  
weeks' trip to Italy.

Mrs. William Templeman entertained  
at a very largely attended and en-  
joyable reception yesterday afternoon.  
The hostess wore a beautiful gown  
of pale blue and white, trimmed with  
white tulle with trimmings of  
pale blue chiffon. The tea table was  
artistically arranged with American  
berries and hills of the valley. Mrs.  
Ayleworth and Mrs. Clifford Smith  
poured the tea and coffee, assisted by  
Miss Dora Oliver, Miss Cartwright,  
Miss Emerson and Miss Mary Scott.

A most enjoyable "at home" was  
that given yesterday by Miss Mar-  
jorie Powell in honor of her cham-  
pioning English friends, Miss Schu-  
lten, the young hostess wore a beau-  
tiful dress of palest pink silk with  
over pink, hand embroidered, and  
trimmed with pink ribbon and  
chiffon, the bodice simply ornamented  
with one large rose embroidered in  
sequins. She was assisted in recep-  
ting by Miss Schulte, who, in cham-  
pioning a Paris gown of pale yellow  
marquise, trimmed with lace and  
relieved with touches of olive green  
on the corsage. The tea table, which  
was lavishly decorated with daffodils,  
was in charge of Miss Alice Burn and  
Miss Mary Gray, while Miss Dora  
Oliver served the ice cream. Other  
delicious suggestions were served  
Miss Claire Oliver, Miss Hope War-  
ton, Miss Blanche Lawton.

Argentina and Japan make additional  
drains upon the world's available  
capital. The lightness of the money

### VERMILION'S SHADE TREES.

Where are Edmonton's  
Vermilion is to have some shade  
trees. At the last council meeting  
there the mayor made a suggestion  
that the town secure some ornamen-  
tal shade trees to be set out along the  
residential streets. The added ad-  
vantage it would give to the town,  
apart from their utility and desir-  
ability, would create a favorable im-  
pression upon strangers. The coun-  
cil concurred in the mayor's view  
and it was decided to procure the  
trees. The general opinion was that  
soft maple and elm would be best  
suited to this country.

### PAIR PLAY.

To the Editor of the Bulletin.  
Sir,—It was my pleasure to be pre-  
sent at the City Council Tuesday  
evening, and I feel that a few words  
of commendation of the City Coun-  
cil are justifiable. The aldermen  
have received already the words of  
praise, of respect and esteem. As a  
citizen I wish to say that I am proud  
of the present council. As far as I  
have been able to discover they have  
dealt fairly and impartially with all  
matters having to do with the public  
wealth as a whole. Their attitude  
regarding the location of the street  
car line was well chosen and taken  
after much deliberation.

A petition presented Tuesday ev-  
ening to change their former decision on  
this question was, to say the least,  
not in good form. The parties who  
circulated this petition, and were pre-  
sent Tuesday evening, would not, I  
think, feel complimented when it was  
shown that names on this document  
were obtained through misrepresenta-  
tion and deformation of character.  
The petition was presented to me on  
Tuesday in a real estate office. The  
party who presented the petition ex-  
plained to me that the difference in  
the proposed plan was not that the  
street car line should be taken from  
First street to Nampayo, on  
Sutherland instead of Isabelle. What  
I read the petition I should have  
known no better.

Aldermen Walker and Gately vic-  
timated their own characters last  
evening. There was a just vindictive  
action. Thanking you for your space.  
A CITIZEN.

The postoffice department will es-  
tablish a dead letter office at Cal-  
gary.

The Northern Bank has secured the  
debtors of Prince Albert school  
board for \$5,100 at a price of \$5,100.

The Saskatchewan Paper has com-  
menced publication again for the  
first time since the fire. They are  
now publishing an evening daily.

The school teachers of Victoria, B.  
C., have united in asking the  
trustee board for an increase in salary,  
to at least 25 per cent on present  
figure.

## SAYS SONGS NOT VULGAR.

To the Editor of the Bulletin.

Sir,—I would like to say a word in  
reference to the report in Tuesday  
night's Bulletin, containing an ac-  
count of the St. Patrick's concert  
held in Rennie's Academy on Monday  
evening. The songs I sang are in  
the same report referred to as being  
vulgar and "more suited to a New  
York music hall than an Irish Na-  
tional concert." The first one, en-  
titled "Kilbane," was a few years ago  
sung every night at the Gaiety the-  
atre in London for over six hundred  
consecutive nights by E. J. Lonnen.  
In response to a hearty encore I sang  
"Ballyhooley," also sung at the same  
theatre and by the same man for over  
six hundred nights, and needless to  
say each one was received with un-  
mistaken favor and applause, and I cer-  
tainly think that any songs that were  
sung at the Gaiety theatre in London  
and before such audiences as frequent  
that theatre, and sung by such an  
artist as E. J. Lonnen, are certainly  
good enough for me, and, judging  
from the applause with which they  
were received by the audience on  
Monday evening, I certainly would  
never hesitate to sing them again be-  
fore any intelligent audience of fear of  
them being brought vulgar. Yours  
truly,

W. J. BELFRAGE.

### PROCLAMATION.

To the Ratepayers and Residents of the  
City of Edmonton.

Owing to the severity of the winter  
and the heavy fall of snow, garbage and  
refuse of all kinds has been allowed to  
accumulate throughout the City. With  
the breaking up of the winter and setting  
in of warm weather, it is feared that  
many portions of the City will be in an  
extremely unsanitary condition. The  
most vigorous efforts are being put forth  
to thoroughly clean the City, but owing  
to weather conditions it is feared that the  
undertaking cannot be successfully com-  
pleted before spring.

While the requirements of the Sanitary  
Bylaws are explicit, it is felt that only by  
the hearty co-operation of the citizens  
can the situation be fully met and dealt  
with. To that end I desire to call your  
attention to the following matters, and to  
express the hope that each and every  
resident of the City will feel his personal  
responsibility to comply with all the  
regulations and requests hereinafter  
contained.

I would urge that each household  
should clean up his own premises.

Animals should be deposited in the rear  
of all premises.

Vegetable matter, garbage and house  
waste should be placed in covered con-  
tainers, and containers to be placed in the  
rear of premises and easily accessible to  
the scavengers.

Tin cans, broken glassware, crockery,  
etc., should be placed in boxes or other  
convenient receptacles.

This is particularly applicable to house-  
hold, restaurant and hotel, and every  
facility should be afforded the scavengers.

In houses where there are waterworks  
connections, but no sewer connections,  
no more water should be used than can  
be conveniently disposed of.

Dirty water and slops should be scat-  
tered over ash-heaps, and not thrown  
indiscriminately about back yards.

I would urge the citizens to assist the  
officials of the sanitary department by  
filling the blank complaint forms, which  
will be supplied upon application to the  
Sanitary Department.

Your hearty cooperation in this matter  
will, I feel sure, result in our being able  
to avoid an epidemic of disease in the  
spring.

W. A. GRIEBRACH,  
Mayor.

## Calgary Deacons

The fans looking for free admission will see to that.

In the American League it is estimated that nine-tenths of the pitchers use the "split-ball" occasionally.

Some insurance concerns have refused to insure baseball players in view of the frequency of railroad accidents of late. This announcement will not inconvenience many of the Calgary team. They are too old to get insured.

The contract for Lethbridge new grand stand has been let. It will cost \$2,250, seat 600, and will be completed by May 15.

Lethbridge's grounds consist of seven acres and are valued at \$15,000. So far only \$7,700 worth of stock has been offered for sale.

Every member of the Medicine Hat board of trade has a share or two of stock in the Medicine Hat club. \$4,000 worth of stock in Medicine Hat's club has been subscribed.

Calgary papers are not so confident now that their team will be in the Herald claims Calgary has pulled less hot air than any city on the circuit. The lightning hasn't arrived yet but it is many hours overdue at the Herald's sporting department.

Vancouver will have twenty-one men report but the wedding out process will be practically complete before the league season opens.

All Vancouver's players will be on hand March 27 and the training games will commence immediately. Most of the work and games will be played on the home grounds.

Vancouver has only signed six men so far. Winnipeg has at least two men booked for each position and pitchers to the number of seven or eight.

"There is just one thing that I want to say" said the deacon as he put a spare five minutes at the disposal of the Albertan man. Deacon only had five minutes. "You will find that Winnipeg will be knocking at the door of the Western Canada league before many moons. That Northern Cooper County league is not really up to much. You see that they have only four clubs in it, the circuit is an awkward one and the interest will not be so great as formerly. The Western Canadian towns draw far better than the American towns in that league. They only go out to ball games in the American towns on Sunday, and Winnipeg does not play Sunday games. Why Edmonton is a better baseball town than Winnipeg."

"We shall have an eight club next year. There will be the four Alberta teams. One that has been doing good. Getting a team that will beat all Western Canada. That town will be in the league next year. Then add Winnipeg, Brandon, and say Regina or Moose Jaw and you have a league that is pretty good. That would be a great organization. It would be a good league."

Deacon had little to say of his Edmonton team, further than to say that they had ordered the flag pole for the pennant which they would win to float upon. The deacon had two good teams, either of which could beat the rest of the other three teams. He has practiced a champion second baseman, not decided just what he will keep. It will be a great team, however.

## BASEBALL

The management of the Winnipeg baseball club has decided that the team will report at Minneapolis on April 15.

Winnipeg has signed eight box artists, and with this number to choose from, Manager Herr ought to have an efficient pitching corps.

Clark Griffith, manager of the New York Americans admits it is not at all likely that Jack Chesbro will be with the team this year.

The American league tried out 297 players in 1906, an average of 25 to a team, or enough for 23 teams of nine men each. There were 53 pitchers, 54 infielders, 38 outfielders and 30 catchers.

Almost a week has passed and Calgary hasn't claimed the championship once. Acting manager Fidler must be critical.

After being tried at every position on the ball field and making good at every position he tackled, Arthur Hockstetter, whose name is so long that the St. Louis scores print "Holly" on their score cards instead, is to be the hind bat for the Cardinals.

He started out as a pitcher and has played every infield and outfield position on the Cardinals line-up.

Evangelist Billy Sunday, the ex-ball player is said to have received \$2,000 from converted people at Kankakee, Ill. Dissatisfied ball-players should not overlook this tip.

Girls will sell tickets at the Providence Eastern League grounds this series of each series to play off for the

The fans looking for free admission will see to that.

Vancouver has only signed six men so far. Winnipeg has at least two men booked for each position and pitchers to the number of seven or eight.

## Men's Possibilities Make-up.

"Nasty" Nierstheimer, the Medicine Hat manager, has figured out his team as follows: 1st base, Lindsay; 2nd base, Huggins; ss., "Red" Perry; 3rd base, Cy Young; Benny, Catcher; right field, Kelly Hall or Spring; centre field, Brownie McClain; left field, Nierstheimer, and a pitching staff selected from Ritchey, Hollis, Kerr, Campbell, Howe, Hartman and West-Miller.

## High Class yet Air.

Medicine Hat News.—A professional baseball club to be a drawing card, must be sufficiently strong to make teams. One that has been doing good. Getting a team that will beat all Western Canada. That town will be in the league next year. Then add Winnipeg, Brandon, and say Regina or Moose Jaw and you have a league that is pretty good. That would be a great organization. It would be a good league."

Deacon had little to say of his Edmonton team, further than to say that they had ordered the flag pole for the pennant which they would win to float upon. The deacon had two good teams, either of which could beat the rest of the other three teams. He has practiced a champion second baseman, not decided just what he will keep. It will be a great team, however.

## To Boost Lacrosse.

Lethbridge, March 20.—Lacrosse will hold a large place in public attention this year throughout Alberta. Through the efforts of Hon. Dr. De Veber, the twenty-five members of the provincial legislature have given five dollars each towards the purchase of a cup that shall represent the lacrosse championship of the province. It is understood that the total one hundred and twenty-five dollars is already on hand for that purpose.

A local committee is now at work drafting a constitution for what will be known as the Alberta Amateur Lacrosse Association. When the draft is completed, it will be submitted to Senator De Veber for his approval.

Then invitations will be sent by the locals to the lacrosse clubs of Alberta towns and cities to send delegates to a convention here to discuss the formation of an association. It is expected that Calgary, Edmonton, Medicine Hat, Wetaskiwin, Red Deer, Strathcona, High River and other towns will send delegates. All clubs in Alberta will be eligible to join the new series to play off for the

The proposed constitution has strict provisions against professionalism and rough play, as it is the object of the promoters to have clean, gentlemanly, amateur lacrosse. The clubs will probably be divided into sections, north and south, the winners of each series to play off for the

## NEW CITY PARK.

Strathcona will soon have its first city park, if the offer of Thomas Allen presented at last meeting of the city council be accepted. Mr. Allen has offered a right over block of land, part of Alameda, on condition that the city, within twelve months, take such steps as will insure its permanency as a recreation ground for the municipality. The offer is a very generous one, the conditions are not hard and the council will likely take advantage of Mr. Allen's generosity.

## STRATHCONA CITY COUNCIL.

The first meeting of the council of the newly-created city of Strathcona was held Tuesday night in the Fire Hall. All the Aldermen were present with Mayor Mills in the chair.

After reading of minutes communications followed. They included letters from a number of brokers asking with reference to the city debentures offered for sale, and other letters with reference to minor matters, all of which were filed.

The Fire and Light committee reported the engagement of Mr. Ewing as engineer at the Power House at a salary of \$100 per month.

Ald. Rankin reported that advertisements calling for competitive plans for the new hospital had been placed in Strathcona, Edmonton, Calgary, Re-

gina, Winnipeg and Vancouver papers.

The Finance committee suggested that the by-law appointing an accountant be read a third time but previously referred to committee of the whole for amendment.

Also that the city procure 1000 maps of the city on the same scale as those of Edmonton. The committee was authorized to make arrangements for securing them.

The by-law authorizing the passing of an overdraft by-law was discussed and its passage approved.

The President of the Board of Trade appeared and presented the proposition of Almo Hardy, Ghent, Franco, proposed to establish a soap and salt factory if given a free lease of a 60 by 75 plot of land. This proposition was submitted to the Board of Trade at their last meeting. The Industrial committee will take up the question and report on its merits.

After other business the council adjourned and meets again this evening.

## TO NO. STRATHCONA STREETS.

It has been decided to number the Strathcona streets and avenues in the same manner as has been done in other western cities.

The suggestion of Mr. Henderson of the Henderson directory people will likely be adopted. He suggested that First street be placed sufficiently far east to permit the growth of the city.

for a considerable example might be found in the fact that the number of this street is also registered on account of its irregularity that the present name of the street is not as it is only a state north of the town.

## FIRE LAW STANDS.

At the Ald. Crawford of the Strathcona city fire limit by-law committee has been allowed to come before the council.

The recommendation of the committee for six or three by-laws to existing prices of building and high rents, etc.

Canadian club has 170 members near the station of the city.

will be open for business by Mr. A. J. ...

### IMMIGRATION WORK.

Ottawa, March 14.—The cancellation of the contract with the North Atlantic Trading Company last fall made necessary the arrangement of some new system for carrying on immigration work in the countries of continental Europe unless this work was to be dropped altogether. Owing to the hostility everywhere existing in those countries against immigration, and in some countries to laws preventing any effort to persuade the people to emigrate, an open propaganda cannot be carried on either by the Canadian Government agents or by any agency acting on behalf of the Government.

Whatever work is done in these countries along this line must be done with reference to the laws and in such a manner as to prevent creating international difficulties.

**Bonus System Extended.**  
The system adopted to replace the Trading Company's arrangement is a system which has been used for some time in Great Britain with success. It consists in paying to booking agents of steamship companies a bonus for certain classes of immigrants secured for Canada. The bonus allowed under the new arrangement for immigrants from Norway, Sweden, Denmark, Holland, Germany, Austria-Hungary, Prussia, France, Belgium and Switzerland is ten shillings for each adult, and five shillings for each child over one year of age.

**The Booking Agent.**  
The booking agent in European countries occupy a considerably different position from the ticket agents for railway companies or steamship lines in America, although their business is the same, to sell tickets to intending passengers. The booking agent in Europe is licensed by the Government and is usually required to deposit bonds with the Government. He makes arrangements with whatever steamship companies he can do so to secure passengers for their vessel. In consequence of it, it is his interest to advertise the route of the steamship lines with which he

has such arrangements, as the amount of money he makes depends altogether on the number of people he can persuade to travel by those steamship lines.

### Enlisting Their Services For Canada.

It has been calculated that if in addition to the commission such agents receive for booking passengers on lines running to Canada, they were allowed also a bonus for booking passengers who were desirous of immigrating to Canada this country would secure the benefits of efforts similar to those which have proven satisfactory to the steamship lines for whom the booking agents do business.

### Responsible Agents Only Appointed.

At the same time it was recognized that to make the bonus available to whatever booking agent might be pleased to attempt to secure immigrants would be to invite activities along those lines from agents of all kinds, the indifferent and ill advised quite as much as those of better judgment. The inevitable consequence of this must have been to involve Canada in trouble with the governments of the countries in which these agents operated in a manner either as to violate laws or to incur displeasure. For this reason it is intended to carefully select the agents to whom such bonuses shall be payable with a view to securing parties whose reliability is beyond question and whose prudence and discretion might be relied upon to not render themselves liable to legal action or Canada responsible for encouraging such liability.

### The Immigrants Wanted.

Discrimination is also made as to the classes of immigrants on whom bonus are payable. The efforts of the Government in these matters are confined exclusively to securing immigrants of three classes—farmers, men for railway construction and who is expected will ultimately become farmers, and female domestic servants. The bonuses are payable only upon those who have been actually engaged in such occupations in the older countries and who signify their intention of following similar occupations in Canada.

### Our Active French-Canadian Citizens

The Society of Colonization which has been formed for the purpose of promoting French-Canadian immigration into Alberta met on March 8th in the C. M. B. A. hall, Edmonton. The following officers were chosen for the year: Patron, His Lordship, Bishop Le Gal; Hon. President, Senator Roy; President, J. H. Picard; Vice-Presidents, J. H. Gariépy; R. P. Thériault; Secretary, W. Gariépy; General agent F. X. Boileau; Directors, De Blois Thibault, J. E. Laurenceau, R. Bruneau, O. Tessier, J. C. Noel, J. C. Cote, P. E. Lessard, A. Boileau.

St. Albert: A. C. Hebert, P. F. Perron, L. Boudreau, A. Guibault, Morinville: Rev. J. A. Ethier, H. Boissoneau, P. S. Gaudette.

Lamoureux: Alphonse Lamoureux.

Legal: Rev. J. A. Normandeau, M. St. Arnaud.

Vegreville: B. Tetreault, M. Moreau.

Beaumont: Rev. J. A. Ouellette.

Brossard: C. Brossard.

St. Pierre: D. Hebert.

Rivière Qui Barre: O. Comeau, Jos. Hébert.

Strathcona: M. Moreau.

Athabasca Landing: D. J. Boulanger, J. Gagnon.

Stettler: Le Rev. J. Ferroux.

The French-Canadians of Edmonton district are an exceedingly active body. A fourth squadron of the C.M.R., is to be recruited from their ranks, authority having arrived from Ottawa this week. The officers are to be: Major in Command—De Blois Thibault; Captain—P. E. Lessard; Lieut. Troop 1, St. Albert—Fleury Perron; Lieut. Troop 2, Rivière Qui Barre—L. J. A. Lambert; Lieut. Troop 3, Morinville—Joseph Deschamps; Lieut. Troop 4, Morinville—A. Boileau; Sergeant Major—Auguste Lessard; Quarter Master Sgt.—Leo Savard; Chaplain—Rev. Father Ethier. Major Thibault has had extensive military experience in connection with the 68th Regiment of Montreal and will prove an energetic and popular commanding officer.

### Sealed Tenders

Sealed tenders addressed to the undersigned and endorsed "Tender for Postal Station 'B', Winnipeg, Man.," will be received at this office until Thursday, April 4, 1907, inclusively, for the construction of a Post Office Building at Winnipeg, Man. Plans and specifications are to be seen and forms of tender obtained at this Department and on application to Mr. Joe. Greenfield, Resident Architect, Public Works Department, Winnipeg, Manitoba.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the Honourable Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or if he fail to complete the work contracted.

for. If the tender be not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

By order,  
FRED. GELINAS,  
Secretary.

Department of Public Works.  
Ottawa, March 13, 1907.  
Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

**VERMILION AND COLD LAKE RAILWAY.**

## Strathcona

### LOCALS.

Out of thirty-five applications Robt. M. West, B.A., teacher of East Edmonton school has been appointed principal of Leda school, to take effect the first of April.

A meeting will be held in Strathcona on Saturday at 2 o'clock by Mr. Snow the Dominion Warehouse Commission.

Mr. James Wein, the new secretary and publicity officer of the Strathcona board of trade, has entered upon his duties and will have temporary headquarters in the old Parrish Block.

### GOLDIE McCULLOCH PEOPLE PROTEST.

The Goldie McCulloch people have written the Strathcona council protesting against the recent reports on their power house engine submitted to the council by John Stocks and Taylor & McLaughlin.

They state that Mr. Stocks has evidently made a unintentional error in suggesting that the foundation as now built requires to be on a bottom of solid rock to be stable and point out that a similar foundation on similar plans but with gravel and clay bottom is perfectly satisfactory in the town of Barrie.

They take special umbrage, however, to Taylor and McLaughlin's report and state that the city "must not under any consideration carry it out. If such was done it would probably result in serious damage to the engine. It would be a mistake to lock it up and place it on edges as they demand. The company further state that if the city does as these engineers recommend the entire responsibility will be on the city and they will not further guarantee the engine to operate satisfactorily.

In closing they call attention to the fact that the last payment is now due and request a cheque for the amount.

### THE COAL CONFERENCE.

Calgary, March 20. (R)The conference of the miners and operators met again yesterday morning from nine to eleven, when an adjournment was taken. The first point raised was the publication in the daily papers of the miners' plan of campaign, which was supposed to be secret.

The miners claimed the same as untrue, but showed evidence of being greatly demoralized by the story.

The next point was the scale presented by operators. A motion was made to have this scale and also the scale submitted by the miners referred to the scale committee composed of nine operators and seven miners. This is the usual manner of procedure in all conferences. The miners refused to consent to this, and a block almost ensued. It was only averted by the miners asking for an adjournment until tomorrow morning when they will be prepared to say whether they will permit

the scale to go to committee or not.

If they decide not to a deadlock is said to be almost certain.

After the conference had adjourned the miners held a secret session, but refused to disclose anything of what had been decided upon.

THURSDAY, MARCH 21, 1907.

#### A RAILWAY SENATOR.

In the Senate Committee which considered the city's bill with respect to the Young street bridge, Senator Beland refused to vote because he is a shareholder in one of the railway companies interested. Senator Drummond consented that the bill should be put in the position for the same reason. He said he was not only a shareholder, but also a director of one of the railways. He felt that it was questionable if he was entitled to vote, but went on to say that it was improper for him to vote there were others in the room who were in the same position. This was undoubtedly pointed out by Senator Loughheed, whose firm of Loughheed & Bennett are the solicitors of the Canadian Pacific Railway at Calgary. Senator Loughheed not only voted against the clause which provided that the railways should pay a third of the cost, but was one of the warmest advocates of their interests. Under the circumstances it may be regarded as a piece of about as gross impropriety as the annals of the Senate afford. Senators Drummond, Beland and Robert Mackay gave an example that redeems to the credit, but it appears to have stirred no answering chord in the breast of the gentleman from Calgary—Toronto Globe.

#### LEAVE IT TO THE LOCAL COUNCIL.

The action of raising the question of the alleged inquiry of the Yukon Council in the House of Commons is one that can be safely left to the local authorities of the Yukon. The reply of the Minister of the Interior is good Liberal doctrine and wholesome common sense as well. "I might say that at this time violent appeals are being made through the newspapers for an interference on the part of this Government with the control of local affairs in the Yukon, with the exercise of its rights by the Yukon Council. These appeals may have good foundation, or may not. I only submit to the House that there is antagonism between the appeals of this Government to exercise an authority which is vested in it, but the granting of which would be contrary to the principles of self-government, and the granting of further powers of self-government to the people of the Yukon. We cannot at one and the same time give the people self-government and exercise an arbitrary or dominant authority over their affairs. It has been the policy and principle of this Government to give the local Government of the Yukon the fullest possible scope in the exercise of the responsibility placed in them, looking only to the Council and to every member of the Council to discharge the duties of their positions with regard to the interest of the Yukon, that is to say, not according to their best judgment."

#### McBRIDE WILL DELIVER THE GOODS.

Premier McBride seems determined to perpetuate railway monopoly in the Pacific province. He has announced that he will continue in the courts any attempt of the G.T.P. company to occupy and utilize the land purchased by the company from Metlakatla Indians for terminals on the Pacific coast. An attempt has been made by the British Columbia Government and the Conservative press generally to make political capital out of the fact that the Dominion Government entered into negotiations with the G.T.P. company to secure sufficient land for the company's terminals from the Indians. The action of the Dominion authorities has been denounced as an attempt to confer unwarranted favors upon the company and an interference with the rights of the province. The charge is untrue and comes with bad grace from the McBride Government which subsidised the C.P.R. with enormous land grants. It therefore becomes unnecessary for that Government to strive to hostility to the corporation that will be the greatest competitor of the corporation to which its existence. But other evidence is not wanting when it is known that the Minister of Lands and Works was asked out of McBride's cabinet because he sold a terminus to a competitor. And when the Premier of B. C. is in the habit of sending a special train to conduct his election campaign, the reciprocal nature of the bargain is pretty evident. Hence the announcement that the claims of the G.T.P. will be considered is tant-

amount to notice that Mr. McBride will deliver the goods.

#### AN UNPRECEDENTED RISE OF HIGH PRICES IN EIGHT.

The greatest need of the day is money and men. Never before in the history of the world has there been such an era of universal industrial and trade activity. The epoch of development is confined to no one part of the world. Coupled with this fact is the enormous waste that has been caused by the enormous waste of the great and devastating wars, the South African and Russo-Japanese wars from which the financial world has been heretofore trying to effect. The disaster of San Francisco last spring represented a tremendous waste of capital that will take a long time to repair. To add to the situation on the output of gold has not been commensurate with the financial needs of the world's business. Newly awakened countries like Mexico, Brazil, market is shown by the inability of the railways to raise money for improvements and extensions necessary for the immense and growing traffic of all parts of the country. They are to have recourse to the expedient of raising money on short term notes at high rates of interest. The great amount of development consequently makes unusual demands upon the labor market. The prospect that in a few years it will be necessary to import in fact of all commodities is bound to continue for a long time to be justified.

#### NOTE AND COMMENT.

The Russian bear has handed a lemon to Old Nick. Seven members of the Parliament of Canada have died this session. The way of the immigrant in Canada should be an easy one with every province in the Dominion bidding for his services.

Anna Gould's lawyer has presented a bill of \$175,000 for conducting her divorce suit from her husband Count Castellani. What a luxury marriage has come to be!

The spectacle of Mr. Foster, a member of the notorious syndicate of three, standing in the House of Commons lecturing the Minister of the Interior and intruding his phrasalitarianism into the debate on the affairs of the Yukon the other day is a situation grotesquely humorous to say the least. He says he has received many letters from the Yukon complaining of wanton immorality in that country. Well! The very fact that they have chosen Mr. Foster as their advocate indicates the measure of their sincerity. It would seem that Mr. Foster was fore-ordained to play the hypocrite.
